

INTRODUCTION 1.1 In last few decades, there continues to be a large influx of foreign investments/business opportunities in India. The Indian corporates have also ventured outside India to expand their presence across the globe. In a bid to seamlessly integrate their operations, the companies continue to send a large number of their employees to foreign associated entities. These employees are rewarded with stock options in their home country as well as in the foreign country. * P Shivanand Nayak is a partner in H C Khincha & Associates, Bangalore.
