Tally WFH Tips & Tricks – Indian Jugaad

Option 1.

Tally.NET Remote Access

Remote Access - Concept

Remote Access Steps to activate

- Create Tally.NET ID
- Give user access right in a company
- Activate Connectivity features
- Connect Company
- Login as a remote user from another PC
- Start working

Let's see it LIVE

Tally Remote Access

- Available in Default Tally
- No additional cost
- No dependencies on third party software / hardware
- No. of users

Option 2.

Use Tally by Accessing your own server

Connect your own Server / PC

- Connect via RDP or VPN
- Various third party software available for eg:
- Microsoft RDP
- TS Plus
- Connect21
- Team Viewer

Connect your own Server / PC

- You are still accessing you own server / pc
- Ease of use
- Security
- Central data management

Option 3.

Tally on Cloud

Tally on Cloud

- Cloud hosting of Tally application and data
- Hosting with third party data centers
- Pricing per user / per month and based on the features you choose
- Can use your own customisation (limited way)
